(iii) State Bank of India (Operating Agency) would examine the proposal submitted by the Company in further 4 weeks and submit their status report along with the minutes of the joint meeting.

(iv) If no viable scheme emerges at the end of the period mentioned above, the Board would be left with no alternative but to issue order for winding up of the company without holding any further hearing.

Accordingly, a meeting with all the stakeholders was held by ECL on 23rd August, 2003 to discuss and prepare a Modified Rehabilitation Scheme acceptable to all concerned. Most of the Trade Unions (except CITU, AITUC and HMS) agreed to outsourcing for a temporary period but all the Trade Unions wanted to have mine to mine discussions with management to explore the possibility whether any one of the mines identified for suspension of activities could be worked economically with a marginal investment. Another meeting with the stakeholders was held on 9th September, 2003 but no consensus could be reached. Based on the response received from different stakeholders on the original Scheme and the discussion held, ECL have prepared a revised Draft Rehabilitation Scheme. The revised Draft Rehabilitation Scheme envisages a positive net worth for the company by 2006-07 upon confirmation of the reliefs sought from different stakeholders. This Revised Draft Rehabilitation Scheme can be submitted by ECL to the OA upon such confirmation. Government has sought extension of time limit through the Operating Agency.

Demand and production of coal

1546. SHRI S.P.M. SYED KHAN: Will the Minister of COAL be pleased to state:

(a) whether the demand of coal in the country is fully met by the domestic production;

(b) the details regarding the mine-wise production and the country's annual demand of coal; and

(c) the details of import of coal for the last three years?

THE MINISTER OF STATE IN THE MINISTRY OF COAL (SHRI PRAHLAD SINGH PATEL): (a) No, Sir.

(b) the Planning commission has finalised All India Coal demand of 460.50 million tonnes for the terminal year of Tenth Plan (2006-07). The details regarding the mine-wise production of coal is given below:—

(in million tonnes)

Company	2002-2003			2003-2004 (April-Oct. 03) (Provisional)
